- Tamper-evident design eliminates the necessity for wrap-around security labels or shrink bands.
- Leak-resistant design ensures no messes or spills in aisles and at home while maximizing product freshness.
- No removable, tear away pieces minimizes choking hazards.
- For strong brand recognition, bases and lids can be custom embossed.
- Reduced lid geometry and crystal clear sidewalls are designed with minimal ribbing for enhanced product visibility and easy “spoonability”.
- Strong, stackable containers are easy to separate manually or in automated lines.
- Containers are manufactured with up to 100% recycled PET from bottles and thermoforms and are 100% recyclable.
- Designed to attractively and safely merchandise an assortment of food items from salads, salsas, single serve desserts, pre-made deli sandwiches and dry packed foods such as nuts, snack mixes and candy.

Tamper-evident hinge design visually notifies consumers that the container has been opened.

Offset, recessed cavity instructional tabs are designed for easy gripping and opening.

Crystal Seal Tamper-Evident containers are just one product in Placon's food packaging line containing EcoStar FDA-approved, food-grade recycled PET. Crystal Seal tamper resistant containers are produced from up to 100% recycled materials and are 100% recyclable.

Consumer-friendly, leak resistant containers seal in juices and sauces for car to home carry confidence.

Patent-pending post feature aligns the lid and base for easy closing while enhancing the container's tamper resistance.

Crystal Seal Tamper-Evident containers are another smart, sustainable solution with the quality and performance you'd expect from Placon food packaging products. For samples, call **800.541.1535** or email info@placon.com.

Smooth, flat lids are perfect for adding branded merchandising labels

PLACON IS YOUR SOLUTION FOR FOOD PACKAGING.

For virtually any retail food environment—supermarkets, delis, quick marts, restaurants, cafeterias, food carts and beyond—Placon provides thermoform packaging products that deliver superior performance. Quality designs, secure seals and exceptional clarity all play a role in our industry-leading containers. Polypropylene and PET options mean our packaging can accommodate virtually any food product, use and environment.

And, our EcoStar® food-grade recycled PET (with up to 100% post-consumer recycled content) allows you to market your products while showing consumers your commitment to sustainability. With your help, Placon is turning over 1 billion used bottles and thermoforms a year into environmentally-friendly, recyclable materials.
